### Other Tasks

#### Art

Moon Art -

<https://www.youtube.com/watch?v=6oQlvQDOapg>

There are lots of ways we can create the moon. See some ideas below.

**Post any creations on TEAMS.**

#### **PE – Do the Moon Dance!**

<https://www.youtube.com/watch?v=gggmJ4prJxM>

#### **Topic – Space**

We are beginning our space topic by learning all about the moon

**Check out the PowerPoint in the Files section on TEAMS for more information.**

**Your task:** Every night, take a look at the moon. Create your own moon diary to track how the moon can look different. Is it always the same shape? Is it always at the same place in the sky? Can you see the moon before it gets dark, or in the morning?

**Find diary templates in the Files section on TEAMS.**

## **Reading**

Read along with Miss Lister. Can you spot the rhyming words?  
Write them down or tell somebody at home.

**See video in the Files section on TEAMS**

## **Read a book on Oxford Owl**

There are lots of great books you can read on this website below.  
No login required.

Can you spot the tricky words? **Check out the sentences posted on TEAMS.** It is your job to read these sentences and circle any tricky words that you spot. Good luck!

There is also a video of Miss Lister reading the sentences if you would prefer to listen to them and then identify what tricky words you have heard.

**Extra task:** Can you write your own sentences using tricky words?

## **Listening and Talking**

The video below tells you lots of interesting facts about the moon. Listen to the video carefully and then record a video of yourself telling your teacher at least two facts about the moon.

**Post on TEAMS.**
