

Murrayburn Primary School Home Learning

Primary 4 Monday 15th February 2021

Literacy

Spelling

We are learning to spell words with our new spelling patterns.

See attached sheet.

Writing

We are learning how authors use setting to create atmosphere.

I can identify examples of words that describe a setting.

Use the PowerPoint to help you to identify words that describe a setting and draw a detailed picture.

You can work along with the PowerPoint or use the attached sheet.

Remember to post a picture of your work for your teacher to see!

Reading Comprehension

We are learning to answer questions about the text read.

Read about Greta Thunberg and Global Warming. Read the text then answer the questions in full sentences.

Numeracy

Maths Topic – Fractions

We are learning to identify equivalent fractions.

Watch the attached PowerPoint to help you complete your worksheet.

Mild – Write the missing numerator and denominator.

Spicy – Circle the fraction that is not the equivalent to the other fractions.

Hot – Write the numerator then circle the fraction that is not equivalent.

Bonus task – Look at the Extra Equivalent Fractions sheet for an extra hot challenge!

Sumdog – Mental Maths

Remember to log onto Sumdog for new Maths challenges or Topmarks for Hit the Button and the Daily 10! <https://www.topmarks.co.uk/mathsgames/daily10>

Equivalent Fractions Game

We are learning to match equivalent fractions.

Print the attached sheet and cut out the cards. Stick them onto cardboard then play pairs. Can you find the matching pairs?

Climate Zones

We are learning to identify climate zones around the world. Watch the ppt and colour the world climate zones on your worksheet. Can think of an animal that would live in each climate zone. Draw and colour then add to your world map.

Other Tasks

French

We are learning to talk about the weather in French.

Watch the PowerPoint, complete the attached worksheet then make a **weather mobile** and label the weather in French!

Find a long stick and colour in your own weather symbols. Hang them on your stick with string and label them in French. Post a picture for your Teacher to see on Teams!

Weather

We are learning to measure and record the weather and discuss how weather affects our lives.

Did you know that around 187cm of rain has fallen in Scotland this year! That is a lot of wet weather!

Most of the rain falls in Autumn or Winter in Scotland, but we do have rain all year round.

Follow instructions on your worksheet activity 'How to Make a Rain Gauge' and record your results over the week. You will have questions to answer once you have recorded your results.

Weather v Climate – Our Dynamic Earth

[Weather vs Climate - YouTube](#) – watch then make a poster to show your understanding of the difference between weather and climate.

Music
