

This is a suggested schedule for the week.

It includes everything from the learning grid.

If you tick all of the boxes for the week and this is confirmed by a parent, I can send you 200 Sumdog coins.

It's really important to be working at home – We will be back in school soon, and the people who are working hard at home will be flying when we are back in the classroom.

Remember – If you finish the work before Friday, ASK FOR MORE!

You can also practice your times tables and division at any time, AND there is extra work in the folder in Teams.

DAY	TOPIC	DONE (TICK)		DONE (TICK)		DONE (TICK)		DONE (TICK)		DONE (TICK)
