

Murrayburn Primary School Home Learning

Primary 4 Monday 8th March 2021

Literacy

Spelling We are learning to spell words with our spelling patterns.

See attached sheet.

Writing

We are learning to write a story to describe a setting.

Choose any of the sheets from the **Story Settings** and have a look at the picture with the key words.

Think about what you can see, what may you hear if you were there, would you be able to smell anything?

Use the **Settings, Descriptions, Senses Mat** to help you with some WOW words!

Follow the **Setting Description Checklist** to help you complete the task.

Reading

We are learning to read for information about **Plastic Pollution**.

Complete the questions in the document **End Plastic Pollution Reading Comprehension**.

Music Watch the video, complete the task and upload your work to Teams.
<https://youtu.be/Xc3BoFMFCzE>

Numeracy

Maths Topic – Revision of Multiplying & Dividing by 10 & 100.

We are learning to work out word problems by using strategies to help us.

Watch the attached PowerPoint to help you to complete your task.

Mild – Multiplying & dividing by 10

Spicy – Multiplying & dividing by 100

Hot – 10, 100, 1000 with Decimal Points

Quiz: Once you have completed your work, have a go at the quiz testing your knowledge on multiplying and dividing by 10 and 100!

Game Creator!

Choose any skill we have learnt in P4 – multiplication, division, money, fractions – and create a board game!

Sumdog – Mental Maths

Remember to log onto Sumdog daily for new Maths challenges!

Art

We are learning to use art as a way to settle our thoughts.

Follow the instructions on the **Settling Our Thoughts Art Activity** and design your own art!

Other Tasks

French - Click on the French Channel to complete your weekly task by Vito!

Sustainability

We are learning to identify strategies on how we can help the environment both at home and in school.

Watch the PowerPoint about **Sustainability** then complete a brochure using the Brochure Template provided. Think about and include:

1. What is Sustainability?
2. What is the difference between Renewable and Non-renewable sources? Provide examples.
3. Ways to be sustainable at home and at school.

Once you have completed this, you can have a go at the wordsearch.

Health & Well-being

We are learning to plan a healthy menu for ourselves.

Have a look at the **Healthy Food PowerPoint** and explore the different food groups with what they include.

Next plan a healthy menu for yourself for your breakfast, lunch and dinner with linking each food to its correct food group.

You may design this on paper plates or with a picture with colour coding, for example potatoes would be yellow as they are a carbohydrate!
